TESTIMONIAL FROM TURNING POINT STUDIOS

"Galen is a pleasure to work with. It's clear that his relationship with God permeates everything he does and how he interacts with people. His music is an authentic reflection of this relationship, which in turn, causes me and other listeners to be brought closer to God. Galen's music is thoughtful and on par with the best popular Christian music out there, convincing the listener that his motivation for writing is altruistic." - **David Coate (Owner, Turning Point Studios)**
